Upside/downside (%)	1.6

Key messages

RS had a 1H20 net profit of Bt295mn (+87% HoH, +44% YoY). Growth HoH was driven by greater revenue from content sales and the commerce segment while growth YoY was boosted by a better gross margin. Though we believe the commerce segment would continue to see revenue growth in 2H20, we foresee earnings slowing HoH due to the high base in 1Q20 when there were strong content sales. Growth is expected to continue to be seen YoY in 2H20. We maintain our net profit forecasts at Bt546mn in 2020F and Bt581mn in 2021F. We reiterate a Neutral rating for RS with a target price of Bt18.50 (PER 30.9x) as there is limited upside to our target and earnings growth is expected to decelerate in 2021 after expected high growth in 2020.

Expected profit growth for 2020 - 2021 are in the price

Event

2Q20 analyst meeting.

Impact

1H20 profit growth YoY was driven by better gross margin and lower interest

RS's 1H20 net profit was Bt295mn (+87% HoH, +44% YoY). The impressive growth HoH was driven by i) high base profit of Bt186mn in 1Q20, and ii) greater revenue from TV segment boosted by new revenue streams from sale of content since 1Q20, and iii) better revenue from the commerce segment (core business). Revenue remained flat YoY, but 1H20 profit grew as a result of gross margin improving from 45.0% in 1H19 to 54.2% thanks to better cost control, particularly from the TV segment. Note that revenue from the commerce segment was Bt1.09bn (+20% HoH, -2% YoY) with 1.4mn clients.

RS targets to push 2H20 revenue in all segments

RS plans to push its 2H20 revenue in all segments by i) adding new TV programs, particularly dramas, boxing and variety shows to boost Ch 8's rating and TV advertising revenue, ii) continuing to negotiate with partners to boost content sales in 2H20, and iii) offering new products in the commerce segment with more than 20 SKUs/month, broadcasting content marketing on TV channels to boost inbound sales coupled with ongoing utilization of Predictive Dialing System (PDS) technology to drive outbound sales. Note that the company targets to raise the commerce segment's client base to 1.6mn in 2020.

Our 2020 - 2021 forecasts are maintained

Though we foresee ongoing growth in revenue from the commerce segment in 2H20, we maintained our net profit forecasts at Bt546mn (+50% YoY) in 2020F and Bt581mn (+6% YoY) in 2021F. Our 2020 profit forecast implies a 2H20 net profit of Bt251mn, dropping HoH due to the high profit base in 1Q20 due to great content sales of Bt90mn while content sales in 2H20 are expected to come in at Bt50mn. Earnings are expected to grow YoY in 2H20 backed by greater revenue from the commerce segment.

Valuation & Action

Our 2021 target price is maintained at Bt18.50 (PER 30.9x, average of commerce sector). We maintain a Neutral rating for RS on the back of i) limited upside from the current market price, ii) expected HoH decline in profit in 2H20, and ii) decelerated growth in 2021 after anticipated high growth in 2020.

Risks

Lower than expected revenue from commerce segment.

Figure 4: Company profile

RS Public Company Limited (RS) started its business in 1976 as a full range music company. It expanded to other media business such as radio station, TV content provider, satellite TV stations, and showbiz. The company started its terrestrial TV business in April 2014 after receiving a digital TV license from the National Broadcasting and Telecommunication Commission (NBTC) in late 2013. RS also expanded into the health & beauty (H&B) segment in late 2014. Currently, the company's existing businesses can be broken down into four segments that are i) media (TV, radio), ii) music, iii) showbiz and iv) Health & Beauty that transform to RS Mall.

Disclaimer: The disclosure of the survey result of the Thai Institute of Directors Association ("IOD") regarding corporate governance is made pursuant to the policy of the Office of the Securities and Exchange Commission. The survey of the IOD is based on the information of a company listed on the Stock Exchange of Thailand and the Market for Alternative Investment disclosed to the public and able to be accessed by a general public investor. The result, therefore, is from the perspective of a third party. It is not an assessment of operation and is not based on inside information. The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey result may be changed after that date or when there is any change to the relevant information. Nevertheless, KGI Securities (Thailand) Public Company Limited (KGI) does not confirm, verify, or certify the accuracy and completeness of such survey result.

Disclaimer: The disclosure of the Anti-Corruption Progress Indicators of a listed company on the Stock Exchange of Thailand, which is assessed by the relevant institution as disclosed by the Office of the Securities and Exchange Commission, is made in order to comply with the policy and sustainable development plan for the listed companies. The relevant institution made this assessment based on the information received from the listed company, as stipulated in the form for the assessment of Anti-corruption which refers to the Annual Registration Statement (Form 56-1), Annual Report (Form 56-2), or other relevant documents or reports of such listed company. The assessment result is therefore made from the perspective of a third party. It is not an assessment of operation and is not based on any inside information. Since this assessment is only the assessment result as of the date appearing in the assessment result, it may be changed after that date or when there is any change to the relevant information. Nevertheless, KGI Securities (Thailand) Public Company Limited (KGI) does not confirm, verify, or certify the accuracy and completeness of the assessment result.

KGI's Ratings

Rating	Definition
Outperform (OP)	The stock's excess return over the next twelve months is ranked in the top 40% of KGI's coverage universe in the related market (e.g. Taiwan)..
Neutral (N)	The stock's excess return over the next twelve months is ranked in the range between the top 40% and the bottom 40% of KGI's coverage universe in the related market (e.g. Taiwan)
Under perform (U)	The stock's excess return over the next twelve months is ranked in the bottom 40% of KGI's coverage universe in the related market (e.g. Taiwan).
Not Rated (NR)	The stock is not rated by KGI.
Restricted (R)	KGI policy and/or applicable law regulations preclude certain types of communications, including an investment recommendation, during the course of KGI's engagement in an investment banking transaction and in certain other circumstances. <i>Excess return = 12M target price/current price-</i>
Note	When an analyst publishes a new report on a covered stock, we rank the stock's excess return with those of other stocks in KGI's coverage universe in the related market. We will assign a rating based on its ranking. If an analyst does not publish a new report on a covered stock, its rating will not be changed automatically.
